QUALITY POLICY

The Directors, Management and Staff of the Gill Group of Companies are fully committed to achieving high levels of quality in all areas of the business with the aim to deliver innovative solutions, services and product excellence for our customers. This is supported by a progressive management style that encourages a quality culture throughout the Group.

We are committed to providing the best value to our customers, through satisfying their needs and expectations.

The Group's Management are committed to the continuous improvement of the QMS that will meet or exceed the requirements of ISO 9001: 2015 and any other statutory or regulatory requirements identified (including but not limited to ATEX / IECEx, CSA & Lloyds) as necessary to meet customer expectations, through establishing and reviewing quality objectives for all the Group's companies.

The effectiveness of the QMS is monitored by planned audits, management reviews, and effective preventative and corrective action when required. This ensures that the Group operates effectively and efficiently and meets the needs of its customers.

All Gill Group personnel have been made aware of this Management commitment to this policy in particular and quality in general, and are encouraged to support the system by continuous active participation.
